ATLAS GLOBAL TRADING INC.

TECHNICAL DATA SHEET / PROCUREMENT REFERENCE

Roasted Hazelnut Kernels

Product identity

Botanical source: Corylus avellana. Origin program: Türkiye. Confirm crop year, processing site and lot identification in the purchase specification.

Published specification benchmarks

Kernel calibration (size)
Standard size bands (e.g., 9–11 mm, 11–13 mm, 13–15 mm) and interval-based grading where required.

Roast profile
Light / medium / dark; profile matched to your sensory target and downstream process (enrobing, baking, mixing).

Moisture (post-roast)
Targets commonly specified around low single-digits (often approx. 0.8–3% in market references); aligned to your shelf-life and crunch requirements.

Lot approval and packing

Agree the method, sampling plan, acceptance limits, pack size and destination before order confirmation. Request the current signed specification, allergen and cross-contact statement, and the certificate of analysis for the offered lot.
