ATLAS GLOBAL TRADING INC.

TECHNICAL DATA SHEET / PROCUREMENT REFERENCE

Diced / Sliced / Chopped Hazelnuts

Product identity

Botanical source: Corylus avellana. Origin program: Türkiye. Confirm crop year, processing site and lot identification in the purchase specification.

Published specification benchmarks

Calibration
Commonly supplied across 1–12 mm bands; size differences (e.g., 2/3/4 mm steps) set by product definition

Moisture
Roasted diced: max 3%; Blanched diced: 3–5% (targets can be aligned by variant and shelf-life needs)

Fat content
Typical range 55–68% (variety-dependent)

Lot approval and packing

Agree the method, sampling plan, acceptance limits, pack size and destination before order confirmation. Request the current signed specification, allergen and cross-contact statement, and the certificate of analysis for the offered lot.
